Auto Lines Installment Options

SIX-MONTH PREMIUM	PAY PLAN OPTION
\$0 to \$124.99	One-Pay
\$125 or more	One-, Two- or Three-Pay

Installment Options for Auto Lines

Brethren Mutual's billing program for the Auto line is based on a six-month term, and depends on the amount of the policy premium. A 40% deposit is required on all new policies.

Two-Pay is offered when the six-month premium is **\$125 or more**. There are **90 days** between installment billings. Both installments are **50%** of the premium (plus a \$6 service charge).

Three-Pay is offered when the six-month premium is **more than \$125**. There are 60 days between installments billings. The first installment is 40% of the premium (plus a \$6 service charge). The remaining installments are 30% of the premium (plus a \$6 service charge).

Monthly Pay is offered when the insured has selected to make payments through our 'Revolving Credit Card Payment Plan' option. The premium is divided into 6 equal payments plus a \$4 service charge.

Reminder: *Once the insured selects a pay plan, it will remain in effect throughout the term of the policy. However if the insured elects a two- or three-pay, he/she may pay the total amount due on the policy prior to the premium due date(s).*
